Power Vacuums 99.95 per hour for all tiers

Repairs 99.95 per man hour for all tiers (minimum of 1 hour)

*Sales tax has already been added to the Seasonal Package prices above. The Seasonal Package is a discounted pre-payment package that must be paid in March of each year to receive the package savings. This package includes the Summerize, Winterize, 2 Winter Checks, 17 Weekly Services (beginning one week prior to Memorial Day, ending the week after Labor Day). Any Weekly Services outside this time frame are chargeable. Weekly Services are automatically scheduled from pool Summerize until pool Winterize. Any Power Vacuums needed are chargeable.

-Our Summerize is divided into two segments. The first part ideally performed in April, the second part performed when the cover is scheduled to come off. Part 1 includes: unplug all lines and install fittings; install pump, filter, chlorinator, auto-cleaners, etc.; grease valves/o-rings; prime and start your filter system, checking its operation; summerize heater; etc. Part 2 includes: remove cover, sweep, fold and put away; empty and fold water bags; reconnect diving board, ladders, handrails, etc.; check the chemical balance of the water; set your time clock; and sweep the patio around pool. -The Winterize includes: cleaning filter; disassemble pump, filter, chlorinator, auto-cleaner, etc.; winterize heater; install blow-out extensions; blow out skimmer and return lines, plug lines, detach drain plugs; check the chemical balance of the water; detach diving board, ladders, rails, etc.; install pool cover and secure.

-Winter Checks (performed twice each winter) include: check water level; check chemical balance and water quality; check pool and equipment for freeze issues; check on cover security, replacing any broken water bags and tightening springs.

-Weekly Service includes: vacuum pool (45 min. max.); empty all baskets; backwash filter when needed; skim the water surface; brush the pool; check the chemical balance; and clean scum line when needed.

-Discounted Weekly Service is the same service as our Weekly Service but performed early in the week.

-Non-Vacuum Weekly Service is the same as our Weekly Service but without the vacuum and brushing. It is designed for customers with auto-cleaners. Occasional chargeable vacuums are needed because of fine sediments the auto-cleaners usually do not pick up.

-Any vacuum that is not on a weekly basis or any time over the weekly 45 minute allotment, is classified as a Power Vacuum.

-Prices subject to sales tax and to change without notice. Extra charges over the prices above include: repairs, misc. labor, cover water/leaves, pump downs and/or Power Vacuums add \$99.95/hour; and any chemicals, parts or accessories.
